

*"Creating a new community way of living in Tulsa,
where neighbors become friends."*

Group Presentations and Land Tours on Hold

In alignment with our values of promoting health, we have decided to postpone our group presentations and tours of the land. However, we would love to talk with you about Heartwood Commons and we are available to visit with you one-on-one by phone or by Zoom.

Contact us at heartwoodcommonstulsa@gmail.com or call community member, Suzy Sharp, at 918-519-5298.

Watch for our presentations to resume via Zoom in April.

We are also postponing our visit to Oakcreek Community in Stillwater. We will go another time in the future.

We Only have 16 Homes Left!

If you've been thinking about joining Heartwood Commons, now is the time! Get in while you can and take advantage of current discounts.

P.S. We have it on good authority the number of homes available will go down by 2 very soon.

Progress Continues!

We are checking things off our list and moving closer to the start of construction.

- Pre-planning meeting with the City of Tulsa went very well.
- Architects putting the final touches on building plans to take to the City for permitting.
- Negotiations are underway with a local bank for our construction loan.

**Creating Community is
More Important Than Ever Before**

Even though we aren't yet living next door to one another, we are already

friends. We understand how our growing connection to one another improves the quality of our lives. Even though we must practice social distancing to reduce the spread of COVID-19, we will find ways to stay connected and support one another. We don't have all the answers yet, but we do know we are all in this together.

A Game Night Winner

As you can see we had a great time at our game night and pot luck. While we won't be able to gather together like this for a while, we loved the glimpse of future evenings at the common house playing our favorite games, learning new ones and sharing a meal.

Choose *where* you live and *how* you live.
Heartwood Commons offers another choice.

Heartwood Commons is a vibrant, progressive cohousing community for active adults under development in Tulsa, Oklahoma, one of our country's most livable cities. Tulsa features a small town feel with all the amenities of a larger city, and an affordable, low cost of living.

We have more than 50% of our homes reserved and expect to begin construction by mid-2020.
